DESD Feb 2026 Embedded C Programming

Assignment 3b Recursion-2

Note: every question must be implemented in two versions (e.g. Q1Ver1.c for the iterative approach, Q1Ver2.c for the recursive approach)

Q6. Write a program to print the Fibonacci series.

Q7. Write a program Number format conversions (decimal, binary and octal)

Q8. Write a program to count the number of 1s or the number of 0s in a binary code.

Q9. Write a program to find the power of n.

Q10. Write a program to count the digits of a number.
